### PRINCIPAL REPORT.

Dear North families,

Welcome back to a new term and the last one of the year. There is so much to look forward to this term. Thank you for your patience while we had our training day on Monday. Spending time examining our students' academic data to inform our planning was another part of our progress towards being the best school we can.

### Our School Values

Our school values are Cooperation, Achievement, Respect and Encouragement (CARE. Each fortnight we're focussing on one value and this time its Cooperation. Students and classes are talking about how we cooperate together and our "Step Up" program is rewarding students who are cooperating well. (If you'd like to know more about "Step Up" ask you children about their "pegs"!

### The \$5m refurbishment

The building works continue with all the demolition and most of the underground works complete. You can see from North Tce the big shade structure going up over the plaza. We continue to be impressed and grateful to our builders who are being considerate of our students and school daily program.

## More important information

### School events this term

This term we look forward to the Year 5 Sleep over and Monarto excursion in a couple of weeks, school swimming in mid-November (notes will be coming home). Classes also have other excursions planned.

### New Reception transition

We're looking forward to meeting our 2023 Reception students in a couple of weeks when they begin their transition visits. Our Reception teachers are all primed and ready for them. We also hope to meet our new Reception parents when you're invited to visit and have a school tour and bbq on 1<sup>st</sup> November.

### High School transition and graduation

Our year 6s are beginning to look towards High School next year and their graduation and transition events at the end of this year. It's an exciting and sometimes anxious time for them and ongoing conversations with families about the move to high school always helps.

### Teaching and Learning

Over the last few years our teachers and SSOs have been working hard to develop and align our teaching and learning across the school. It is to their credit that our most recent assessments are continuing to show steady improvement for our students. Our intervention team, wellbeing team and Aboriginal Education team also work closely together to ensure that students are 'caught' before they fall through the safety net and receive the help they need to be successful. We are always learning as school team and our direction continues to be positive for our students.

## **Material and Services Charge (School Fees) – 2023**

Each year the Department for Education (DECD) determines how much schools are entitled to charge parents and caregivers for their children attending school.

The amount we ask parents to pay is the recommended level of payment and this forms a key part of our budgeting.

The amount that DfE allows us to charge students for attending this school and access our materials and services is \$269.00. This is an increase of \$16 on last year.

We use this 'Materials and Services' money to meet key costs in the school including books, writing materials plus costs associated with the internet and photocopying materials for learning.

Should there be any questions or issues with the Materials and Services Charge, there is an opportunity for parents and caregivers to raise these at **a meeting at 6.00 p.m. on Tuesday the 1<sup>st</sup> of November, 2022 at the school.**

*In lieu of attendance at the meeting, parents and carers are invited to express their views in writing addressed to the Chair Person of Governing Council marked "Confidential – Materials and Services".*
